James E. Risch, Governor  
Toni Hardesty, Director

## **NOTICE OF OPPORTUNITY TO REQUEST A PUBLIC COMMENT PERIOD ON A PERMIT APPLICATION AND PROPOSED PERMIT TO CONSTRUCT**

In compliance with Section 58.01.01.209, Rules for the Control of Air Pollution in Idaho, notice is hereby given that J.R. Simplot Co., Pocatello, has applied to the Department of Environmental Quality (DEQ) for a permit to construct, project No.P-060317. This action is being taken to eliminate the throughput limit for the #300 sulfuric acid plant from the permit to construct and Tier I permit, so that the throughput rate can be increased, and to eliminate fugitive emissions language from the permit to construct as these emissions are already addressed in the Tier I operating permit. The facility produces phosphorus fertilizer and is located near the junction of highway 30 and I-84.

A public comment period on the proposed permit will be provided if a written request is submitted on or before September 27, 2006, directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255, or [joan.lechtenberg@deq.idaho.gov](mailto:joan.lechtenberg@deq.idaho.gov). Please reference the company name and project number when sending the request.

The permit application materials submitted by J.R. Simplot Co. are available for public review at the following locations:

DEQ State Office  
1410 N. Hilton  
Boise, Idaho

DEQ Pocatello Regional Office  
444 Hospital Way #300  
Pocatello, Idaho

DATED this 28th day of August 2006.

Joan Lechtenberg  
Air Quality Division
